New In Zurich: Aura Restaurant

Aura

A new restaurant and event location opened last weekend in Zurich called AURA right in the centre of the city close to Paradeplatz at Bleicherweg 5. Aura is not just a restaurant but also a unique event venue for birthday parties, graduation parties, conferences and events. It has fabulous lighting capabilities, 360° projection and an enormous event area measuring 480 m². It also incorporates a night-club and a cigar bar. If you are in town this coming weekend why not give it a visit as they will be having their grand opening party on Saturday 26th January from 11pm – 4am. Tickets CHF 30 . And if you're booked up this weekend, or off skiing in the mountains, why not try it for a Valentine's Day treat on February 14th? They have a special evening planned from 6.30pm onwards with dinner, show and drinks with a variety of ticket combinations available. For more information visit [their website](#).
